Subject: Clarification on RFA released Monday

Dear Feedback Network member,

Clarification regarding Healthier Washington RFA Released September 14

On Monday Healthier Washington released a request for applications (RFA) for a lead organization to convene payers around a multi-payer data aggregation solution (RFA NO. 15-021). This RFA is to implement the Greater Washington Multi-Payer payment redesign strategy, as described in the Healthier Washington grant, also known as Model Test 4. This RFA is not a procurement for any IT projects under the Healthier Washington Analytics, Interoperability and Measurement (AIM) strategy or the All Payer Claims Database (APCD).
